

A mommy and me . . . preparing our heads and our hearts for baby!

## WASHINGTON COUNTY NEEDS **PARENT LIFE**

Parent Life, our newest Youth for Christ endeavor, launched April 1 here in Washington County. This one-on-one mentoring program helps teens adjust spiritually and socially to becoming parents.

This spring, two young ladies enrolled in Parent Life and I have begun to lead them through our "Mom Manual." I celebrated one birth last month, and Baby has already been to church with Mommy. Another little one will come in July: her mommy follows Jesus, but her daddy needs to accept the Truth of the Gospel. There are many more teen parents who need guidance, and God has sent three ladies to my aid. They will train in July here in Hagerstown before they are paired with a mommy-to-be.

Please consider sending a monetary gift to Parent Life to Youth for Christ of Washington County and contact me if you have questions, would like to volunteer, or want to be included in the weekly prayer email.
