

Youth for Christ

Washington County Update

What a month for making disciples!

Youth for Christ wants to be available for every Washington County teen. We added an afternoon Hagerstown Campus Life M club for homeschool students and a Hagerstown Parent Life club for expectant and teen mothers. In the next month, we get to open two more juvenile justice groups at Cedar Ridge Boys' Home. Our Tuesday afternoon volunteer leader, Frederick Agyemang (pictured above right), shared that he was led to Christ by a group of students his own age that met after school for Bible study. He volunteers with Youth for Christ to teach teens how to reach other teens with the Gospel. Please pray that God will send more volunteers like Frederick!

Our Parent Life group went to see "Unplanned." Leigh Ann (in blue) is due with her baby, Paesyn, any day now!

Give to Youth for Christ.

Your generous contributions drive this local work in Washington County. Our upcoming expenses include a leadership breakfast and graduating senior gifts. In the future, we will train student leaders and take teens to weekend conferences and camp. Please share our need for support with your local body of believers. We are also available to share at your church with testimonies and special music as we raise prayer and financial support.

Our Barbara Ingram Core group meets an hour before school starts. Pray for the student leaders that prepare Bible studies and service projects.
